BRAND-NAME MEDICATIONS:

Wegovy, Mounjaro, Zepbound, Saxenda (or others): Free Initial Evaluation

\$100 (for every 90-day prescription sent to your pharmacy)- does not include the cost of the medication. **Additional \$75** if any PA (Prior Authorization) needed, paperwork, and/or communication with the insurance company to try and get a medication approved. We will work with your insurance company to see what medications are covered.

Due to increased demand, the FDA has reported national shortages for the following GLP-1 medications:

- **Wegovy** (semaglutide) injection, with limited availability
- **Zepbound** (tirzepatide) injection, with limited availability
- **Mounjaro** (tirzepatide) injection, with limited availability
- **Saxenda** (liraglutide) injection, with limited availability

If denied or out of stock, we will work with you to try and find an alternative medication, or you order the compounded medications (below) if appropriate.

COMPOUNDED MEDICATIONS:

Tirzepatide (Mounjaro/Zepbound), Semaglutide (Wegovy/Ozempic), or Liraglutide (Saxenda)
